Subject: Gulfco Tank Sampling Plan

Eric,

EPA has performed a review of the "Advance Notice of Tank Sampling Activities, Gulfco Marine Maintenance Site, Freeport, Texas" dated March 30, 2010. This plan is approved with the following modification: Matrix Spike/Matrix Spike Duplicate (MS/MSD) samples shall be collected during the sampling event, in accordance with the approved sampling plans for the site. It is understood that mobilization will begin on Monday, 4/5/2010, with actual sampling beginning on either Tuesday or Wednesday, 4/7/2010.

Please let me know if you have any questions on this.

Regards,

Gary Miller, P.E.
